# DYMO LabelWriter 5XL: How to print with ETSY

# DYMO LabelWriter 5XL: How to print with ETSY

Here you will see how you can print an extra-large shipping label with a Dymo LabelWriter 5XL:

1. Download and install the Dymo Connect software
2. Connect the Dymo LabelWriter 5XL as described

(follow installation instructions from manual)

CONNECT POWER CABLE TO MAINS AND PRINTER

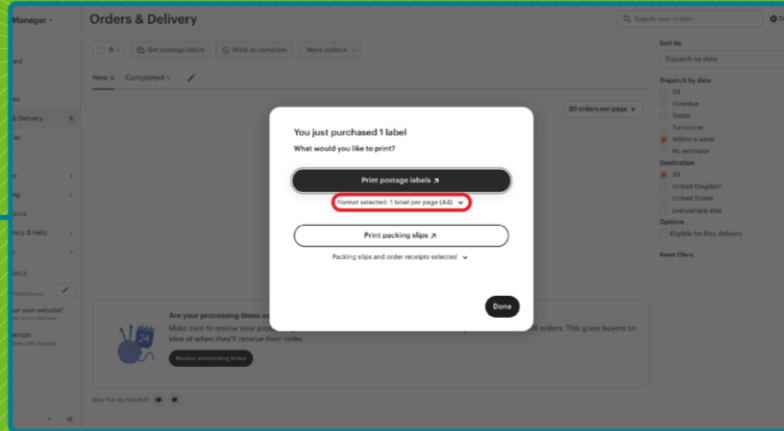

CONNECT USB TO PRINTER AND LAPTOP

PRESS POWER BUTTON

ENSURE LABELS ARE LOADED

DYMO LabelWriter 5XL: How to print with ETSY

**SELECT DROP DOWN TO CHANGE LABEL FORMAT**

**ENSURE 'LABEL PRINTERS (A6)' OPTION SELECTED, SELECT PRINT POSTAGE LABELS**

SELECT PRINT ON OPEN PDF

Printing settings and defaults will change depending on software used to download pdf. In this case Google Chrome was used to view the downloaded label.

ENSURE CORRECT PRINTER SETTINGS ARE SELECTED, SELECT PRINT

LABEL PRINTED

PRINTED LABEL CAN BE STUCK ON PACKAGING

Forest Stewardship Council®
DYMO® paper products are FSC® Mix meaning that these products are made of material from well-managed, FSC®-certified forests and other controlled sources.

BPA free LW paper
DYMO® LabelWriterTM labels are free from BPA.
BPA is an artificial coating which can negatively impact the health of its users and the environment.

No Ink or Toner
DYMO® products incorporate thermal printing technology, that eliminates the use of ink cartridges or toners.
